## CIRCULAR

The staff and students are hereby informed that as we continue to strive for a greener and more sustainable campus environment, we are excited to announce a new initiative aimed at reducing our carbon footprint and promoting eco-friendly practices.

Starting from 25<sup>th</sup> July, 2018, we will be restricting the entry of traditional automobiles on campus and encouraging the use of battery-powered vehicles as an alternative mode of transportation. This decision aligns with our commitment to environmental sustainability and creating a healthier campus for everyone.
